with Liberal Odis About Him Jerry First in a Mattling Finish -One Favorite in Front at Brighton Beach.

Only one favorite won for the form players at Brighton Beach yesterday and that was Deirnel & Dwyers crack two-year-old Africander, by Star Ruby Afric Queen, who captured the Winged Foot Handicap from J. R. A.F. P. Keene's St. Leonards colt Inonly three starters, the odd one being Dick Roche's filly Statles and Kusses. The distance was five and a half furlongs. Africander with top weight 110 pounds was much the hest, so the talent figured, and was accordingly made an odds-on favorite, his price being 15 to 20 at post time Injunction was played quite heavily at 13 to 10, with 1 to 8 for the place, while Roche's filly was reduced from 20 to 1 to I welves. Africander displayed so much speed as soon as he left the barrier he had two lengths over Injunction at the quarter pole But nearing the tur-Shaw took the Keene colt up with a rush so that they raced into the stretch practically on even terms. Then Africander, let down, drew away, but again Injunction spuried gamely under the whip until Martin was compelled to subject the favorite to a mild drive win on the wire by a neck. Africander's time, 1:06 3-5 equalled, the track record held by Eugenia Burch, the fleet filly belonging to Mrs. L. Curtis. Injunction was ten lengths before Smiles and Kisses.

The first race, for two-year-olds, non-winners of \$700, ten pounds under the scale, at five furiongs resulted in an upset for the fol-lowers of form. T. C. McDowell's Candlemas colt Woodtake was a 1 to 2 favorite, but he failed to get inside of the money. Burns rode him all over the track, bumping into Tioga and Kentucky Rose and then falling away out of it. In a driving finish F B. Van Meter's Jerry, by Lamphighter Annie C, backed down to 15 to 1, showed splendid gameness, coming from behind and winning on the post a head in 1:01 1-5 Perry Belmont's Tenny Tioga was second, a head before Ken-

street both and a before kentucky Rose, who took third money from knocknagow by a neck. The latter was also a neck better than Squid, 130 to 1.

There was another tumble in the second race, for selling platers at a mile and a skyteenth Military at threes was a slight favorite over Cogswell at 18 to 5. L. Smith made too mitch use of the latter, so that he could not finish better than third Rough Rider, so to, was the winner by a half a length over Military, who beat Cogswell a neck. Fifteen horses ran, and the time was 147-5. The third race, a highweight handicap for three-year-olds and upward at six furlongs, was run in a fog that enveloped the start and made it impossible to take any time. P. S. P. flandolph's The Amazon was so much in demand that she was played from 7 to 5 to 9 to 16 favorite. L. V. Hell's Sweet Tooth and J. McGeehan's Delmarch both receded to fours. Delmarch rushed to the front without delay and came into the stretch with a comfortable lead. But The Amazon responded so gamely under O'Connor's whip that Delmarch in a drive only beat her a neck in the last jump. Dinna Forzet, ten lengths behind, beat Locket, et to 1, by three lengths.

Fifteen maidens, fourteen pounds below the scale, went to the post in the fifth race, at a mile and a systemth. August Belmont's Octoroon was a 3 to 1 favorite, but there war equal support for the Pepper Stable's.

at a mile and a state-orth. August Belmont's Octoroon was a 3 to 1 favorite, but there war equal support for the Pepper Stable's John Barlevoorn and John Mcticchan's Miss Buttermilk at 16 to 5 each Edward Moneil's Valley Forge, 20 to 1, started away in front, followed by John Barlevoorn. But Valley Forge threw it up after going three-quarters of a mile and John Barleycorn, drawing away from the others, won as he pleased by two lengths in 1 to 3-5. Octoroon are into the place, two lengths in front of

VANKEE BROKEN DOWN. ast Year's Futurity Winner Not Likely to Race Again This Season.

Word comes from Saratoga, on the authorty of Julius Bauer, A Featherstone s trainer. that W C Whitney's Yankee has broken down and will not be able to race again this season. Bauer saw the celebrated colt at the Spa and was informed by J. E. Madden that Yankee's case was hopeless. Madden also told Bauer that Merry Reel and Medley had also broken down. It is said that Yankee went wrong just before the running of the Resilization Stakes. He is by Hanover Correction and won the Futurity last year in Madden's colors. Later on he was beaten in the Matron Stakes at Morris Park by Clarence H. Mackay's Heno. This year Yankee was a disappointment the first time he ran.

The Western teams of the National League pened in the East yesterday and took three of the four games played. St Louis and Pittaburg won easy victories from New York and Brooklyn respectively, holding the local teams down to one run each. In fact, every losing team made only one run. The St Louis Cardinals, fresh from three conquests over the Pittsburgs, showed the New Yorks a thing or two about built playing yesterday and beat them in a canter. With the New Yorks it was the oft-told tale of batting weakness. Currie, turned addrift by the Cincinnatis, held them down to six hits. The visitors were confident and celerity of movement on the bases helped them in their run getting. Both infields had plenty to do and there was much good fielding of ground hits, few balls being sent skyward. There was a conspicuous exception to the ground-hitting habit in the eighth inning, however. The New Yorks opened as if about to raily flowsrman singled and so did Bresnahan, but after Barclay's wild throw had been the means of Bowerman scoring, Jones, McGraw and McGann flied out in succession. The former Harlemite, Hartman, played a slashing game at third base. The bail had to be as swift as a buillet and as erratic in its flight as a boomerang to get away from the agile Teuton. Currie retired the New Yorks on four pitched balls in the fourth inning. Farrell was caught between the bases in one inning, but McGann interfered with him and Emslie allowed him to reoccupy first.

Houghton and another player, I Kehler, were named as the men who had to be paid for their work on the amateur diamond and they were relegated to the professional ranks at a joint conference of the Amateur Basebail League and the K A C Athletic Committee With repard to the case Mr. Houghton says.

"In May last I played one game with the Knickerbockers against the Seventh Regiment and I do not reasoner even cetting my supper for playing let alone any money. Soon after I sailed for London, England, where I had been until last Tuesday. Puring my absence, however, some person made where I had been until last Tuesday. During my absence, however, some person made this charge against me, thinking probably I would never see or hear anything about it I am of the opinion that a thorough investigation is necessary, and then it will be found that there are one or two players still on the team who received the pay I am charged with receiving.

A copy of his statement was also sent to James E. Sullivan, captain of the K.A.C. who immediately wrote to Mr. Sears ordering the case to be reopened. From what can be gathered of the muddle it is more than likely that lioughton will be vindicated.

Saratoga Polo Club's fleid this afternoon the Rockaway team by a score of 11 to 7% vanquished the Lakewood team. It was a hard-fought struggle from first to lest and the vanquished received as much applause as the victors. There was a big attendance and the weather was pleasant. The field was heavy from recent heavy rains. The fine plays of the Gould boys were duly recognized by the spectators. Thomas Hitchcock, Jr., was referee and Charles Wood of Philadelphia timekeeper. The Rockaway team was composed of Archibald Alexander, Rene La Montagne, Jr. F. 8 Conower and P. F. Collier. The Lakewood team en praced George J. Gould, Jay Gould, Kingdon Gould and Benjamin Nicoll. The winning Rockaway team will meet the team of the Country Club of Westchester on Thursday afternoon. Saratoga Polo Club's fleid this afternoon

noon, when a game was played between two teams made up of members of the club, the white and the red, the latter winning by a score of 9 to 8 goals. Both of the Vanderbilt boys played, and Alfred G. Vanderbilt did some good work for his team. For the reds T. A. Havemeyer made five of the nine goals, and his work brought out much applause. During the progress of the game tea was served on the clubhouse plazzas. So popular has this place become that parking spaces are in great demand, and the following have taken places for the entire season. Reginald Vanderbilt, C. Biddle, E. C. Knight, E. L. Winthrop, Jr. W. K. Brides, William E. Carter, J. G. Smith, W. H. Sands, Pembroke Jones, J. Moore Robinson, Perry Belmont, Alfred G. Vanderbilt, Elisha Dyer, Jr., N. D. Hatch, Miss Busk and J. T. Harry Forbes, the bantam champion, and Mike Memsie of Chicago met in a rattling six-round bout at Chicago on Monday night Memsie, although a featherweight, has a fine record and more than held his own. Early in the first round Forbes dropped his opponent with a sharp left-hapder on the law Memsie was up smartly and went after Forbes. The latter's cleverness was too much for him and no damage resulted. In the third Memsie was also knocked down, and the cound of the gong saved him. At the end of the sixth round Forbes was the aggressor and received the award.

Should they win in this event it will give them the opportunity of meeting Collins and Wardner, the Western chempions. The Doberty brothers did not meet any of the highly rated American players to-day, H. L. Doberty disposing of J. C. Neely in three straight sets and his brother was having an easy time with Richard Stevens, when rain put an end to the contest and the English-man announced that he would default the match to his opponent. The visitors want to save their strength for the doubles but their

are the only team that stands in the way of the Englishmen for the Eastern championship But the team will be a difficult obstacle for the Dohertys, and some tennis of most excellent order is expected before the end of he week

This morning was the first occasion to size up the Doherty brothers in doubles play, but nothing of much advantage could be obtained, as their opponents were easy for them, and what their style of play would be against men of their calibre it is hard to say all the sets they took easily and might have got them all at love. Their style of play was very similar to their play in the singles, except that they scarcedy ever approached the net, but probably because it was not needed.

In his match with Neeley, H. L. Doherty played wardy, preferring to take advantage of his opponent's errors rather than to exert himself. R. F. Doherty adopted the same tactics in his match with Stevens, keeping the latter on the jump all the time, but rarely chasing the ball himself.

Best Route to Jamaica is New the

The old wheeling route to Jamaica and the Merrick road, that by the way of Glenmore avenue, is now in better riding condition than the new way, commonly used, direct up Fullow street or Jamaica avenue, as it is variously called Glenmore avenue has been resurfaced. To follow it out to the old city line at Eldert lane, formerly Enfield street, then take the Rockaway road to Locust avenue and ride past the new running horse track to the Merrick road is far preferable to going along on the much-worn asphalt and broken brick paving of Jamaica accoue, where trolley cars, faneral coaches and farm wagons constantly threaten accident

The New York Motor Cycle Club will have its first "photograph run" on next Sunday. The group picture will be taken in Central Park, after which there will be a blind run led by two members, who will be classes by lot. The visitors want to save their strength for the doubles but their playing yesterday and to-day demonstrated that they are masters of the gams. At no time to-day did they have to exert themselves, but once in a while some clever strokes were used, and the talen: has contracted a very severe case of chilly extremities over the outcome of the international matches in consequence.

Whitman dropped out under the excuse that he was over-trained. He has been playing right along for weeks and fears that he will become too fine by the time the big events come off, should be engage in any real hard matches before that time. Had he and H. L. Doberty remained in the singles they would have met to-morrow and the outcome would have detracted interest from the international events.

AUTOMOBILE ARRESTS. American Motor League Is Determined

to Fight, but Is Wary. Secretary Merrihew of the American Motor league said yesterday that he regretted anything having been made public concerning the plans of the organization to test the legality of the arrests of automobilists and notor cyclists that are being so persistently made on Long Island. He admitted that arrangements had been made to have arrests made next Sunday for the purpose of testing law and the accuracy of the charges, but the authorities having been forewarned, he thought, would upset the plans. What other plaus had been made or would be made, he declined to say. He thought it probable that the League would first make its fight on the question of distance covered and timing, but would not say so officially. One thing he did say was that the League would defend the case of W. H. Owen, who was arrested under the name of W. H. Dubols, was arrested under the name of W. H. Dubols, a week ago Sunday. Isnac B. Potter, formerly president of the League of American Wheelmen, is counsel for the American Moter League. He declined to express any opinion officially yesterday or say what would be done, but in the course of an open conversation he said it was manifestly unfair to pass a law that imposed a penalty for crossing certain artificial boundaries, such as a township line without providing that such a line shall be plainly indicated by signs. According to Counsellor Potter there should be a sign on every public highway indicating the village, city and town limits, as long as the Cocks law is in force.
